

# FEBRUARY - MARCH 2019

**NEW!**

## coreflon

PTFE SURGICAL SUTURE

### DESCRIPTION

- New Non-porous smooth d-PTE material.
- Will not absorb blood, saliva, bacteria and food residue.
- d-PTE material is more flexible thereby adapts to tissue volume changes during healing.
- White thread and black needle ensures excellent visibility in the surgical field.
- Needles are manufactured from an exotic metal alloy; resulting in a hard, razor-sharp edge.

### NEEDLE SIZE CHART

Needle	Length	Shape	3/0	4/0	5/0	6/0
DS 1/2 circle Taper Cut	13mm					19005
	16mm		19000	19002	19004	
	19mm		19001	19003		

### CLINICAL COMMENTS:

*"Coreflon suture does not coil or tangle, sutures are flexible and do not cause tissue tension. Coreflon suture does not irritate soft tissue, does not cause inflammatory reactions, mucous membrane heals quickly and does not leave scars."*

**Dr n, med. Ziemowit Franaszek**  
Poland

*"After one year of documented cases, I can only say this is the suture for "no failures" in everyday practice. Innovative, strong and "fancy" needle (especially the black one) with reliable mounting and versatile use."*

**Dr. Alecsandru Ionescu, DDS**  
Bucharest, Romania

*"Coreflon supports tissues very well, does not loosen, increases patient comfort and reduces physical discomfort of removal the stitches to mimimum."*

**Jaroslav Pospiech DDS, PhD**  
Poland

*"I am delighted with excellent properties of Coreflon, especially thread's ability to stretch and to return to its original shape."*

**Mario Kirste DDS, PhD**  
Germany

## SURGICAL BURS

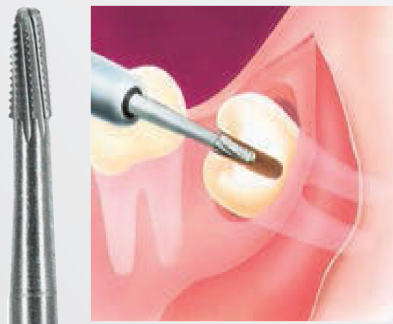

### LESS CLOGGING

Bone removal and discharge of material is efficiently due to SS White's unique blade geometry.

### FAST CUTTING

Sectioning teeth into manageable components can be done quickly using SS White burs.

Bottle - 10g

15000

Alveolex Dry Socket Paste

## DESCRIPTION

- A non eugenol paste formulated to relieve the symptoms of alveolar osteitis
- Stimulates clot formation
- Easy to apply and adheres well to the alveolar
- Reduces post operative pain

## BENEFITS

- Quick patient pain relief
- Moldable for ease of placement
- Reduces healing time
- Ideal for diabetic patients
- Less expensive than other

## ENDODONTICS

### H FILES

#### Endo Files Hedstroem - 25mm

This instrument is directly grinded. High cutting efficiency, use in filing action. Packs of 6.
